"PERSHING'S CRUSADERS"

Taken by Signal Corps of U. S. Army, Naval Photographers and French General Staff

Released by Committee on Public Information

THE UNITED STATES GOVERNMENT has made it possible for the great American public to be an eyewitness to the vast activities of the Army and Navy both "over here" and "over there." Through the medium of the motion picture you are enabled to see in the making the momentous force which is to end the great war of the ages.

These Pictures Are for YOU!

These official pictures will give the people of Washington their first opportunity of seeing our boys in action in France; to understand just what these months of preparation have brought about in combatting our common enemy; to enable the worker in the munition factory, the toiler in the field, in fact, every man, woman and child who is doing his or her part, to visualize the results of their labor to the present time. They will show those who subscribed to the Liberty Loans, Red Cross, Knights of Columbus, Y. M. C. A., Salvation Army and other campaigns just what their money has accomplished.

Every American will be intensely interested in seeing the baking of mountains of bread for the army, the making of millions of uniforms, the manufacture of tons of guns, the launching of thousands of airplanes into the air and thousands of ships into the sea.

You will thrill with a vital pride at sight of our Navy and our Army in action—our own crusaders striding in legions on to victory. Before your eyes appear our boys at their light-hearted play and and grim work. You will see the first line trenches in France, the first batch of German prisoners caught by the Yankees—the hundreds of important and interesting details of modern warfare.

Our Boys "Over Here and Over There"

You will see General Pershing, President Poincare of France, and Secretary of War Baker on his recent tour of inspection of our armies in France. In short, you will see YOUR boy, or your neighbor's boy, or your friend, behind the lines at work or play or marching through the streets of a little French town.

Newspapers Are High in Their Praise of the Pictures

New York Times—"Far and away the best war picture exhibited here."

New York Tribune—"Greatest pictures we ever looked at."

Buffalo Times—"Applause was thunderous."

New York Sun—"It answers the question, 'What are we doing?'"

Cleveland Press—"Scenes of staggering immensity."

Chicago Herald and Examiner—"We ought to wear a button to say we saw it."

This remarkable motion picture, "Pershing's Crusaders," was photographed by official government camera men sent with the armies for that purpose by the Committee on Public Information, of which George Creel is Chairman. The pictures are brought to the public through the Division of Films, of which Charles S. Hart is director. The following war relief organizations will receive the net proceeds of the showings:

Y. M. C. A.

Y. W. C. A.

British-American War Relief

Knights of Columbus

American Fund for French Wounded

A. B. P. R. Fund

Young Men's Hebrew Association

The Red Cross
